

## ASSOCIATE IN ARTS

## TEACHER EDUCATION

(67 hrs. min.)

CIP: 13.0101

Students who anticipate transferring to one of New Mexico's public universities and majoring in education should follow this module of lower-division courses. This module addresses the various teaching specialization areas offered at universities. Regardless of course equivalences for transfer credit, students must complete the minimum number of upper-division credit hours required at the receiving institution. Students who successfully complete this preparatory curriculum for teacher education are strongly advised to take the New Mexico Teacher Assessment (NMTA) of Basic Skills and General Knowledge before transferring to a university. Admission to most teacher education programs requires successful completion of the Basic Skills portion of the NMTA.

Prior to transferring into the selected specialization at the university level, students are required to complete a minimum of 67 credit hours in the A.A. degree. It is recommended that students consult SFCC advisers to assess and determine fulfillment of SFCC course prerequisite requirements. Students must work closely with their transfer institutions and their SFCC advisers to ensure the best transition to four-year schools.

## GENERAL EDUCATION REQUIREMENTS: (57 HRS. MIN.)

## Communications (9 hrs.)

ENGL 111           Composition and Rhetoric (3)
